the Piazza Venezia, with the Tomb of the World War I Unknown Soldier.  
They will then drive along the Via Dei Fori Imperiali with the ruins of the forums of Julius Caesar, Augustus Nerva. They will see the Trajan and Roman Forum, the Judicial and business centers and then on to Palatine Hill. They will also see the Basilica of Saint Paul Outside the Walls, and finally visit Janiculum Hill from which there is fine view of Rome.  
On Sunday, July 28, they will fly to Athens where they will

spend several days attending the various museums, historic ruins and points of scenic interest.  
Winding up the tour of the Grecian country, the scouts will attend the World Jamboree at Athens from August 1 through August 11.  
The opening ceremony of the Jamboree will be by the Crown Prince Constantine, the Duke of Sparta and the Chief Scout of Greece. On August 6, King Paul of Hellenes will honor the camp by his presence and will take the salute of the Grand Parade. This day will have the participation of all the contingents of the many countries represented.

One of the features of the 11th World Jamboree will be the emphasis placed on the interests and aspirations of "the boy today". A balanced program of general, special and standing activities will be provided. The activities will provide the scouts with the opportunities to meet scouts from many countries.  
On the evening of August 11, the jamboree will close with a solemn ceremony.  
During the first days of the jamboree there will be games, including basketball, volleyball, etc. Rifle shooting will also be included. Patrols will be encouraged to participate in these games with the patrols from one country challenging patrols from another country.  
Classical games will be played, including the Triathlon, composed of an 80 meter race, the long jump and the throwing of the Scout Staff.  
"Athli Heracles" will consist of three different sections and compares somewhat with physical fitness courses of our own National Jamboree.  
"Lumberjack Lane" will have two-man, crosscut competition, wood chopping, log raising and log rolling.  
August 12, the scouts will take a plane from Athens to Venice, Italy, where they will tour the Church of St. Mark, the Doges Palace and the Bridge of Sighs.  
They will fly from Venice to Zurich, where they will take a bus to Lucerne. There they will see 14th and 15th century historical sights.  
Finally on the morning of Saturday, August 17, they will fly to London. In the afternoon, they will take a drive via Trafalgar Square along the Strand to the Law Courts and to Fleet Street which is a center of journalism. They will see London Bridge, built in 1831 and the Monument, commemorating the Great Fire of London in 1666. From there they will see the Great Tower of London where the crown jewels are displayed. The scouts will continue to the Bank of England and then on to St. Paul's Cathedral from the dome of which there is a panoramic view of London.  
On Sunday, August 18, they will tour points of interest in the country surrounding London. Included in their touring will be Oxford University, Ann Hathaway's Cottage, Trinity Church and Shakespeare's birthplace. The scouts will proceed to Warwick Castle and after visiting this fortress, built

in 915 AD, they will return to London.  
They will leave London August 20 by plane for New York and then to their home towns throughout the United States. The Canyon scouts should be home by August 21.

Tourney. . .

(Continued From Page 1)  
feated Pampa Number Two, 5-0.  
Highlights of the Tournament: Excellent umpiring, done by teams of umpires from the several cities represented. A protest committee, consisting of the head scorekeeper, the tournament director Buba Hillman, former West Texas quarterback in the championship team days of 1957, and another appointee for each game, resolves all arguments before play is allowed to be continued. Thus the state of wins and losses is never in doubt once a game is finished. Dr. C.C. Callaman of West Texas State University heads this committee.  
The nearest thing to a Tommy Davis throw from the outfield was Joe Moore's prodigious heave from deep left on a towering high fly ball, to Tom Lair, catcher. The throw was on the fly all the way and Tom had to jump for it just enough to miss the tag on the runner coming in from third.  
Rossi has hit .500 for two games, getting two hits in two at bats in the Pampa Number One game. Rossi doesn't say or change his expression very much, but he swings a tough bat.  
The Canyon pitcher in the second game, Gary Culp of Happy, deserved a better fate than having to be replaced. He's a hard-throwing pitcher who makes a neat pitching combination for the Canyon All-Stars with Tom Lair.  
But yesterday he ran into the nemesis of many a good pitcher, uncertain fielding behind him. The same infielders, however, also came up with some polished plays. Tournament play puts a strain on these fifteen year olds.  
Canyon businessmen are selling tickets, bringing in much-needed revenue for the Randall County Babe Ruth League.  
The Junior Chamber of Commerce is manning the concession Stand. A large percentage of profits go to the local League.  
There is plenty of seating, as the Rodeo Grounds bleachers have been brought in to augment the single bleacher already at the Babe Ruth park.  
Schedule for Thursday:  
1:30 Canyon vs. winner of Plainview-Stinnett  
4:30 Pampa Number One vs. Dumas. This will be a game of undefeated.  
7:30 Too far ahead to determine at press time.

entered in competition.  
Four winners from District I will be selected to attend the State 4-H Dress Revue which is held during the opening week of the State Fair of Texas in Dallas each year. To compete for the district title, 4-H members must be 14 years of age and a member of 4-H at least 3 years.  
About 40 girls are entered in the judging for the Randall county contest. They will model articles of clothing made during their summer projects. Awards will be based on general construction of the garment, appearance on the girl, and her record of activities.  
Miss Lucy Tucek, daughter of Mr. and Mrs. Lewis Tucek will narrate the program. The public is invited to attend the dress revue and reception following the program.  
A rehearsal for the dress revue will be held at the First Presbyterian Church at 6 p.m. Friday evening, preceding the program. "Showers of Fashion" is the theme of stage decorations which are under the direction of Mrs. Ralph Ruthart, chairman of the recreation committee.  
Garments and records were judged Wednesday morning at the Junior Livestock Building by home demonstration agents, Ruth Hughey of Claude and Linda Webb of Channing. Winners will be announced on the program Friday evening.

Louisiana. There are five skiing regions in the United States.  
Tournament chairman is Jimmy Duncan of Amarillo. Chief judge is Kenneth Clark of Canyon.  
If time permits, there will be an exhibition of barefoot skiing by Tom Coburn of Canyon. Acts from the Aqua Antics Show by Patsy Dorris of Canyon and Ewell Parker of Amarillo, may also be shown.  
Time permitting, Parker will fly suspended from a large ski kite while being towed behind a speed boat.  
The upper end of Buffalo Lake, between the concessions area and the dam, will be the site of the tournament. That area will be off limits to all normal boating and fishing activities during the tournament, according to Bob Brown manager of Buffalo Lake Wildlife Refuge.  
The restrictions are to facilitate the tournament. Brown said the refuge management would appreciate the cooperation of boaters and fishermen during the tournament by their not attempting to use that portion of the lake. The entire larger part of the lake will be used for normal boating and fishing activities, he said.  
Spectators are asked to cooperate by parking their cars in the newly enlarged parking area south of the concessions buildings. Cars blocking the normal flow of traffic will be towed away at the owners expense. Brown said.

**House Wife Of The Month**

Mrs. Ray McReynolds, instructor of piano in the elementary school in Canyon, has been chosen as Anderson Appliances' July Housewife of the month. A long time resident of Canyon, Mrs. McReynolds has taught in the Canyon School system for the past 25 years.  
Mrs. McReynolds' husband, Ray, is retired from the grain business.  
Mrs. McReynolds is a firm believer in the durability of Frigidaire products. She purchased her first Frigidaire range (pictured below) in 1938. "I have cooked on that range all these years and it was still in good condition when we traded it in," she stated. "The only thing wrong with it was that it lacked the modern automatic controls," she said.  
Mrs. McReynolds has also purchased a new Frigidaire refrigerator for her lovely home. "The Andersons give such good service," she asserted. "They are always prompt and efficient. I really like to do business with them."  
Why don't you investigate the possibility of installing Frigidaire appliances in your home. Go by 1515 4th Ave. here in Canyon and talk to Andy. When you need service call him at OL 5-2146.

Visiting with Mr. and Mrs. Riley Troth recently have been Mr. and Mrs. Robert Scott and children, Leslie, Lorrie, and Linda, of Montgomery, Alabama.

"Six Flags Over Texas", the amusement park located between Fort Worth and Dallas, was toured over the week end

by Mr. and Mrs. Cliff Abbott and daughter, Celeste; Mr. and Mrs. Keith Jones and daughter, Melodie; and Mr. and Mrs. Riley Troth and son, Joe.

The group also went to Sky Ranch near Denton to visit with Linda Troth, daughter of the Riley Troths. Miss Troth is spending the summer at the camp for young people.

**INCREASED  
LIABILITY  
INSURANCE**

#### It's the Law

A revision of the Texas Motor Vehicle Responsibility Law, effective January 1, 1964, sets minimum Auto Liability Insurance limits at:

**\$10,000** Bodily Injury Liability --- Each Person

**\$20,000** Bodily Injury Liability --- Each Accident

**\$5,000** Property Damage Liability --- Each Accident

#### In Your Interest

The revised Texas law was much-needed and is in your best interest. Here's why. In recent years the cost (liability-wise) of accidents has skyrocketed, due to factors such as:

- \* Increased cost of medical care
- \* High awards by courts and juries
- \* Constantly increasing cost of repairing property damage

Thus Auto Liability limits smaller than \$10,000/\$20,000/\$5,000 have, for some time, offered inadequate protection for motorists. Most states (and Canadian provinces) in which you may travel now require minimum Auto Liability limits equal to or greater than the new Texas requirement.

## 4-H Clubbers Will Attend Training Camp

Five Randall County 4-H Club members and their leaders will attend a five day 4-HElectrical Leadership Training Camp at Scott Able near Cloudcroft, New Mexico, July 29 through August 2.

The five 4-H Club members going to the camp are Cindy Gruner, Karen Boehning, Eddie Henders, Larry Parsons and Gary Fletcher.

The training camp is sponsored by Southwestern Public Service Corporation for the 22 counties they serve in the Texas Panhandle.

Purpose of the camp is to teach and demonstrate to 4-H Club members and their leaders, electrical equipment and its use on the farm and in the home, according to Randall County agent, John Brazzil.

The group will leave from Amarillo July 29 and return to Canyon, August 2.

Mr. and Mrs. J.M. Hunt and granddaughter, Jan, of Safford, Texas are visiting for several weeks with their children, Mr. and Mrs. R.M. Cole, Mr. and Mrs. O.B. Sanderson and Mr. and Mrs. D.L. Hunt, all of Canyon.

The J.M. Hunts also visited with her sister, Mrs. Ivy Cole.

Sherry Lynn Vaughn is visiting this week with her grandparents, Mr. and Mrs. E.S. Vaughn. She is the daughter of Mr. and Mrs. Maurice Vaughn of Albuquerque, New Mexico.

The Fort Worth Zoo and Six Flags Over Texas were toured several days last week by Mr. and Mrs. W.R. Glenn and daughter Carla Jean, and Miss Wanda Warner.

## Shorty May Knew Canyon As Panhandle Cow Town

By Jim Thomas

Shorty May is a man who knew Canyon when it was the cow town of the Panhandle. Shorty came to Texas from Chillicothe, Missouri when he was 19 years old.

"I told my dad that I wanted to go to Texas. He said it was all right. 'Go pack your trunk,' he said 'and I'll give you the money.'"

"I came to Texas when I was going on 19. I had heard it was a lot healthier there than in Missouri. You know, it gets pretty cold in Missouri in the middle of winter. I just liked to get out doors, I guess."

"I got on a train in Kansas City and came around to Fort Worth. Trains then, weren't what they are now. You had to come around by Fort Worth from Kansas City to get to Amarillo."

"We stopped off at Childress where I punched cows on the Oden Ranch. I was there 2 years with my Uncle Ben. He ran the place on shares for five years. The owner lived in New York, I think."

"I wanted to ride and get out doors. I had the measles in Missouri and it settled on my lungs. They doctored me all winter before I got tired of it and came to Texas."

"I slept out a good bit and finally threw away my medicine. The living out doors was good for me."

"I got started in black smithing in 1902. I just bought a shop and went to work. I had shed a few horses before and I was ready to go at it."

"The black smithing was good then. This was cattle country and all the ranches had horses."

"We kept 50 to 60 head of horses in the livery stable all

A family reunion held at the L. C. Rutbart home last week end was attended by Mr. and Mrs. J. M. Rutbart of Pueblo, Colorado; Mr. and Mrs. V. A. Howard of Houston; Mr. and Mrs. Gordon Rutbart of White Deer; Mr. and Mrs. Manuel Rutbart of Groom; and a number of other relatives from the openhandle area.

Mr. and Mrs. C. C. Pond and sons, Pat and Ivan, spent last week end vacationing at Raton, New Mexico and Trinidad, Colorado.

Mrs. Olie Ford of Dallas and Miss Ruth Cross of Canyon are vacationing in Colorado for several weeks. They will be staying at the Cross cabin near Woodland Park, Colorado.

Mrs. Johnny Wilson of Amarillo was a guest in the P.M. Wilson home last week end while her husband was attending the Cee Vee reunion in Oklahoma City, Oklahoma.

the time. It was located over where Bellah's food store is now. My blacksmith shop was in the same location that Art Roberts has his shop now. All the ranches had horses until the cars started coming in."

"Everybody had to drive a buggy to go anywhere. From here to Plainview and Lubbock in a buggy!"

"We had lots of work to do, making bits and spurs and taking care of the horse trade. We made all our bridal bits in one piece, by sawing them out and riveting the piece that went in the horses' mouths."

"This old town has grown a lot since I came here. There was an old blue building on the corner where the hotel sits now. I did the iron work on the hotel and the first college building too."

"Old McClure had his furniture store in that old blue building. I had my blacksmith shop where Art Roberts has his shop now and the newspaper was across the street from my shop on the north side. It was in an old house then."

"I shod horses, we did a little of everything, even fixed sewing machines. I stayed in the blacksmithing business until it quit in 1933. I had open-

ed the G.L. Case Machinery Co. September," he said. "My dad was a farmer and ran a saw mill 10 miles north of Chillicothe. My daddy died I quit the machinery business a year ago."

Shorty says he was born in Chillicothe, Missouri in 1880. "I'll be 83 years old this

MRS. AUDREY LEE LEWIS

## Richard-Lewis Nuptial Vows Exchanged In Church Rites

Nuptial vows for Miss Beverly Ann Richard and Audrey Lee Lewis were read in an evening ceremony at the First Methodist Church of Canyon last Thursday.

Charles Hastings, director of the Methodist Student Center at West Texas State University, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Fred Richard of Canyon. Mr. and Mrs. George Lock Lewis of Amarillo are parents of the bridegroom. "Always" and "The Lord's Prayer" were sung by the vocalist, N. J. Toler. Miss Lanelle Marcy accompanied the solo numbers at the organ and provided appropriate musical selections prior to the ceremony.

Focal point of the altar table decorations was a gold cross between two gold candelabra bearing lighted tapers. Floral arrangements of white gladioli and blue daisies were placed on each end of the altar table. Seven branched candelabra bearing white lighted tapers were placed on each end of the altar table. They were decorated with white gladioli and blue daisies. Tall floor baskets of white gladioli and blue daisies

were also used in the church decorations.

Carol Daniel of Hermosa Beach, California served her sister as matron of honor. Bridesmaids were Pamela Richard, sister of the bride from Canyon, and Sandra Lewis, sister of the bridegroom from Amarillo.

The bridal attendants wore identical sheath dresses of blue lace complemented with circle hats of blue chiffon over blue tulle. They carried blue daisy nosegays.

Freddy Richard and Sammy Richard, brothers of the bride, served as the candlelighters. Thomas Hardie of Amarillo, nephew of the groom, was the ringbearer.

Tom Hardie of Amarillo was the best man for the wedding ceremony of his brother-in-law. Serving as groomsmen were Benny Handley of Lubbock and Richard Chambers of Amarillo. Ushers for the evening ceremony were Mark Yarborough, John Sheldon, Royce Leatherman and Jim Estes, all of Amarillo.

A traditional wedding gown of chantilly lace was worn by the bride as she was escorted and given in marriage by her father. The dress with a

boat-shaped neckline was embroidered with beads and featured long tapered sleeves. Tiers of lace and tulle formed the floor-length skirt. Her fingertip veil of tulle was accented with a band of lace and fell from a crown of seed pearls.

She carried a white Bible topped with large white daisies that were accented with pale blue butterflies and pearls. White satin streamers cascaded from the bouquet and were tied in love knots with tiny blue pearls attached.

Mrs. Richard wore a dress of blue embroidered tulle for her daughter's wedding. The ensemble was complemented with a blue hat and white accessories.

The mother of the bridegroom wore a beige colored lace dress with blue hat and blue accessories. Both mothers wore corsages of blue daisies.

A reception for the couple was held in Fellowship Hall of the church immediately following the ceremony. An arrangement of white gladioli and blue daisies adorned the serving table which was laid with a white lace cloth over blue. Appointments were in crystal and silver.

The four tiered wedding cake

Mr. and Mrs. Paul A. Robertson of Adrian announce the engagement and approaching marriage of their daughter, Robbie Jo, to Dale Carr Henry. The prospective bridegroom is the son of Mr. and Mrs. Crews Henry of Canyon. Miss Robertson and her fiancé were members of the spring graduating class at West Texas State University. Wedding vows will be solemnized in a ceremony at the First Baptist Church of Canyon on September 21.

featured two pedestal tiers topped with a double tier which was centered with a miniature bride and groom under a heart shaped archway made of lace and sprinkled with blue pearls.

Presiding at the serving table were Mesdames Presley Kennamer, David Lewis, Tom Hardie and Misses Jan Brotherton, JoAnn Thompson, Judy Wilson and Linda Burgess. Guests were registered by Nancy Cleavinger.

For a wedding trip to points of interest in New Mexico and Colorado the bride traveled in a two piece peach colored suit. She wore white accessories and a white daisy corsage.

The bride is a graduate of Canyon High School and is attending West Texas State University. She is employed at Stuckey's Pecan Shoppe on the Canyon-Amarillo expressway. Her husband is a graduate of Tascosa High School and attended West Texas State University. He is employed by Jimmie Nail and Company, Surveyors in Amarillo.

The couple will make their home in Canyon.

Mr. and Mrs. George Lewis, parents of the bridegroom, were hosts for the rehearsal dinner in their home on Tuesday evening of last week. The barbeque supper was served buffet style. Scalloped edged milk glass appointments were decorated with blue ribbon and bows in the bride's chosen colors. Molded salads, shaped like hearts, were also served at the buffet supper.

## News, Features For The Women

### Dixi Sue Rhoades Honored With Miscellaneous Shower

Miss Dixi Sue Rhoades, bride-elect of Jerry Harold Clay, was the honoree at a miscellaneous bridal shower Tuesday evening of last week in the home of Mrs. James Cole.

Guests were received by the honoree, her mother, Mrs. R.R. Rhoades, and the hostess, Mrs. Cole.

Crystal appointments were used on the serving table which was centered with a floral arrangement in the bride-elect's chosen colors of green and white. Refreshments of punch and angel cake were served to guests. About 50 registered for the event.

A place setting in the bride-elect's selected pattern of china was presented to the honoree by the hostesses. Serving as hostesses were Mesdames Cole, J.D. Barker, Florine Moore, Travis Shaw, Robert

P. Jarrett, Jr., J.J. Walker, Glenn Dowlen, Edgar Robinson, Lee Harlan, Douglas Marshall, Edwin Kuehn, J.C. Whittington, Newton Crain, W.R. Wilson, Ed Reynolds, Kermit Pond, R.R. Rigby, W.E. Parker, Charles Flesher and Miss Billie B. Flesher.

### Founder Day Breakfast At W Wirt Home

A "come-as-you-are-breakfast" was given for the Canyon Order of Rainbow for Girls in commemoration of Founder's Day.

The breakfast was given last Saturday morning in the backyard of the Wayne Wirt home. Guests were served waffles, bacon, syrup, fruit juice and milk at the breakfast which began at 7 a.m.

About 45 members of the Rainbow attended along with 10 board members of the group. The girls were surprised at their homes and asked to come dressed as they were for the breakfast.

### Mrs. Hunnicutt Party Honoree

A surprise birthday party honoring Mrs. Lawrence Hunnicutt was held Tuesday of last week in her home.

Guest arrived bearing ice cream and cake for the party. Attending were Mrs. O.V. Welter, Mrs. Earl Hadley, Mrs. Truman Freeman, Mrs. J. C. McClendon and Mrs. Wayne Wilcox.

MRS. MILTON DAVID BLUME

## Ricketts-Blume Marriage Vows Exchanged At Church

Miss Anita Joyce Ricketts and Milton David Blume were united in marriage in a ceremony performed at the First Baptist Church of Canyon last Friday evening.

Rev. Strauss Atkinson, pastor of the church, officiated at the double ring ceremony.

Mr. and Mrs. Burton E. Ricketts are the parents of the bride. Blume is the son of Dr. and Mrs. Milton T. Blume of Turkey.

A formal gown of nylon organza over taffeta was worn by the bride as she was escorted and given in marriage by her father. The irregular scooped neckline was accented with Swiss embroidered motifs. The motifs were also sprinkled on the skirt which extended into a chapel train. Short cap sleeves complemented the modified basque bodice of the dress.

The bouffant veil of imported French silk illusion was

### Birthday Party At Maple For Carolyn Miller

A china doll birthday cake and family dinner honored Miss Carolyn Rene Miller, daughter of Mr. and Mrs. Carl Miller of Canyon, on her first birthday

in the home of her great grandmother, Mrs. P. L. Fort, at Maple last Sunday afternoon.

The china doll birthday cake wore a dress of white frosting decorated with pale yellow flowers and green tinted leaves. The birthday cake was made by her grandmother, Mrs. Garvin Long, of Maple.

Guests attending the family dinner included Mr. and Mrs. Bobby Adams and daughters of Morton; Mrs. J. P. Meeks and children of Briscoe; Mrs. H.O. Huff, Jr. and children, Mr. and Mrs. Carroll Fort, Mr. and Mrs. LaWayne Batteas and Dianne, Rev. and Mrs. Jerry Haley and daughter, Mr. and Mrs. Garvin Long and sons, all of Maple; and Mr. and Mrs. Carl Miller and Carolyn of Canyon.

Carolyn was the honoree at a birthday party in the home of her parents, Mr. and Mrs. Carl Miller, Monday evening.

A double tiered cake frosted in white with coconut was served to guests along with ice cream. The cake was lettered "Happy Birthday" along the edge of the bottom tier and was decorated with three party clowns on top. It was centered with one white candle, honoring the age of the little miss.

Guests attending included her parents; her grandparents, Mr. and Mrs. Earl E. Miller and children, Debbie, Kevin and Sharon; Mrs. Wylie Hannah; and Mr. and Mrs. Donnie Rogers and son, Kerry.

attached to a saucer hat which was decorated with pearl centered tea roses of silk organza. She carried a bouquet of gardenias and stephanotis atop a white Bible.

Traditional wedding music was presented at the organ by Mrs. Dick Dawdy. "If I Could Tell You", "Whither Thou Goest", and "The Lord's Prayer" were sung by Mrs. Joy Cain.

Greenery and white carnations decorated the white archway which was flanked by candelabra and baskets of white gladioli. The church choir rail was draped with white satin.

Serving as the bridesmatron was Mrs. Nell Patchin of Amarillo. Miss Cathryn Morris was the bridesmaid and Mrs. Nedra Davis was the matron of honor.

The bridal attendants wore identical sheath dresses of mint green silk organza with matching overskirts. Bodice of the dresses were fashioned with scoop necklines and three quarter length sleeves. Silk organza cabbage roses were used as the headpieces and featured a circular veil. They carried bouquets of white gladioli petals that were fashioned into one large flower.

Paul Hawkins of Turkey served as the best man. Groomsmen for the evening ceremony were Jay Eudy and Sherrod

Arnold of Turkey. Serving as ushers were Bobby Hanna and Jackie Christian, both of Turkey.

Mrs. Jimi Funk registered guests at the reception following the ceremony. The reception honoring the couple was held in Fellowship Hall of the church. Presiding at the serving table were Mrs. Milton Morris and Mrs. Arthur Wells.

The bride wore a beige cotton silk two-piece dress with cranberry patent shoes and bag as the couple left on a wedding trip. She wore a corsage of white gardenias, lifted from the bridal bouquet.

Mrs. Blume, the bride, teaches first grade at River Road School in Amarillo. She is a graduate of Canyon High School and West Texas State University where she was a member of Delta Zeta, national social sorority.

Her husband graduated from Turkey High School and has attended New Mexico Military Institute. He is a senior at West Texas State University Majoring in physical education. Blume is a member of Lambda Chi Alpha, nation social fraternity. He is employed with Amarillo Community Center.

The couple will make their home at 1613 Crockett in Amarillo.

### Garden Club Picnic Held

The annual picnic supper for members of the Canyon Garden Club was held at Conner Park last Thursday night.

Members furnished covered dishes for their families and guests at the picnic which was the final club meeting until fall. Mrs. K.E. Hines, planning committee member said, "The City of Canyon deserves a special Thank You from the club for the mowing and spraying that they did at the park--- we didn't have any mosquitoes."

Guests at the picnic supper were Mr. and Mrs. Troy Martin and children, and Mrs. Roy Fortune.

Members and their families who attended included Mr. and Mrs. Joe Frank and Judy, Mrs.

## Rev. Adair Will Begin Revival

Rev. Marcus Adair, pastor of Faith Chapel, and his family will begin a revival meeting at Enid, Oklahoma this week.

The revival will begin a series of revivals that the Adair family will attend in Oklahoma, Kansas, Missouri and Arkansas.

Several radio and television programs will be presented by the Adair Sisters of Song and Rev. Adair during the summer. Miss Rita Conn, accompanist for the group, will also be presented on the programs.

Rev. Adair and the Sisters of Song will present Bible lessons and song devotions at the Midwest Apostolic Faith Camp Meeting at Baxter Springs, Kansas during the first week of August.

Regular meetings at Faith Chapel will be under direction of Rev. Austin Morgan, youth director, while the pastor is on the revival tour.

Rev. and Mrs. Dale Harter and children, Joy, Patsy, Denny, Kathleen and Silvia, returned this week from two weeks vacation in the eastern states. The Harters visited with his sister's family, Mr. and Mrs. Malcolm Reynolds, in Fairfax, Virginia.

They spent several days with his brother, Earl Harter, Jr., in Washington D. C. Rev. Harter conducted the marriage ceremony for his niece, Linda Harter, at the National City Christian Church in Washington, C. C.

While in Washington, D. C., the Harter family visited many historic sites and were impressed with the FBI building. Enroute home they visited in West Point, Mississippi with Mr. and Mrs. Roy Harter and Mr. and Mrs. Glen Harter. Rev. Harter is a nephew of the Roy and Glen Harters.

Guests in the Ray Wells home Sunday afternoon were Mr. and Mrs. Arthur Wells of Shamrock.

## Airman Hurt In Accident

One man was hurt early Wednesday morning in a one-car accident 5 miles west of Canyon on Hereford Highway.

Injured is Edward Boyce, 22 years old, who was driver of the vehicle. Boyce is an airman with the 30th air division at Truax Field, Madison, Wis.

Robert Root, 22, passenger in the car, was not hurt. Root is with the 671st squadron at Key West, Fla., Naval Air Station.

Officers say the car in which the two were riding rolled after a blow out.

Boyce was treated for neck injuries, cuts and bruises at Nebraska Hospital and then transferred to Amarillo Air Force Base Hospital.

These young ladies are here this week for the annual West Texas State University Music Camp. From left they are Tuby Renfro of Burk Burnett, Joanie Beth Walker of Plain-

view and Diane Clower of Tulsa. Some 700 are attending the camp.

## Guardsmen Back After Maneuvers

Some 65 Canyon National Guardsmen returned home over the week end after spending two weeks in advanced individual training at Fort Hood.

The Canyon group was under command of Captain Pat Northcutt and is a part of the Tulsa unit.

During the first week the contingent had classes in infantry weapons and then spent some time in the field in unit and individual training.

Winding up their stay in camp, they were reviewed by Gov. John Connally and Major General Selden Simpson of Amarillo, commander of the Texas Guard.

One convoy of area men headed home Saturday morning of last week and the remainder came home by bus that night.

Several recruits made the trip with the Guard this year. They include Pat Blackaby, Art Haley, Johnny Sikes, Norman Smyrl, Danny O'Donald and Richard Cole. This is the first time in several years that recruits have been taken to camp without first having taken basic. Guardsmen say this speaks well for the unit.

Captain Don Briggs served with Battalion intelligence this year.

Two Canyon men, Ross Bond and Jim Burkham, got second place with the Division automatic rifle team. They placed over men with years of experience and were personally cited by General Simpson.

## Small Claims Jurisdiction Set At \$150

Jurisdiction for Texas small claims courts was extended by the last session of the Texas legislature to include all monetary claims not in excess of \$150 and all salary and wage claims not in excess of \$200, according to Bill Wilson, Randall County justice of the peace.

The legislature also increased the court cost from \$3 to \$5, Wilson said. The new law goes into effect after August 24, he added.

The previous ceiling on small claims was \$50.

Bruce Blackaby, left, chats with Jess Stout. Blackaby Ford Company. It now will be known as Jess Stout Ford. (See story page 1)

## Two Injured In Accident

A front tire blowout was blamed for causing a one-car accident Saturday evening, 8 miles west of Canyon on the Hereford Highway, according to investigating Texas Highway Patrol authorities.

Injured in the accident were Mrs. Bessie Ann Cole 69, of Plainview, driver of the car, and her passenger, Jim Voyles 55, of Dimmitt. The car left the road after the blowout and hit a 15 inch tree, shearing it off at the base, patrolmen said.

Mrs. Cole told the Highway Patrol that she was giving Boyles a ride to Canyon after his car developed headlight trouble at Buffalo Lake. The injured were rushed to Neblett Clinic in Canyon where they were treated. Mrs. Cole suffered a broken right ankle and numerous bruises and lacerations. She was treated at Neblett and transferred Sunday to the Plainview Hospital where she is an employee.

Voyles suffered chest injuries and lacerations in the accident. He was treated at Neblett and transferred Monday to the hospital in Dimmitt. His condition was listed as satisfactory at the time of his transfer from Neblett Clinic.

Investigating highway patrolmen said the pair might have been able to walk from the wreck if they had been wearing seat belts at the time of the accident.

## Tank Hits Overpass

A 10,000 gallon steel tank, being transported from Clovis, to Amarillo, hit the overpass on U.S. 87 at Buffalo Stadium Tuesday at 11:40 a.m. causing some \$2700 damage to the I-beams supporting the overpass and tearing a hole in the tank.

The tank fell from its flat bed trailer to the north bound lane of the highway, blocking traffic on that lane for some 30 minutes.

The driver of the truck was Ronald Rowe of Clovis. Rowe works for the company in Clovis that built the tank.

## Second Term Begins At WT

West Texas State's second summer term enrollment is expected to be approximately 1,250 when final registration is completed Saturday, President James P. Cornette has announced.

The final figure will represent an increase over last summer's second term enrollment of 1,111.

At the close of the first day of registration Tuesday, a total of 1,147 had started enrolling, compared with 1,016 at the same time last year.

Classes began Wednesday and the term will close Aug. 22 with summer convocation.

## Gilbert Ray Transferred

Gilbert Ray, Texas Highway Patrolman in the Canyon area for the last 7 years, has been approved as a safety education officer by the Texas Department of Public Safety.

Ray will continue to live in Canyon, though he will work out of headquarters in the Amarillo office of the safety and education division of the department. Ray is presently in Lubbock attending several weeks of safety and education training at departmental schools.

His duties will include working with area schools, civic groups and the communication media on the promotion of public safety, traffic control and crime suppression.

## City News Briefly Told

### Evers Gets Lone Star FFA Degree

Charles Evers will receive the Lone Star Farmer Degree at the State Future Farmers of America Convention being held in Lubbock this week.

The degree is the highest award that the organization offers to members. About 800 members from chapters throughout the state are expected to receive the degree at the three day convention.

Members of the Canyon Chapter attending the convention are Charles Evers, son of Mr. and Mrs. A.C. Evers of Umberger; Bill Richey of Claude; and Kyle Powers, son of Mr. and Mrs. Lester Powers of south Amarillo. They will be accompanied by Leon Bagwell and Rodney

Myrick, vocational agriculture instructors at Canyon High School and sponsors of the FFA chapter.

Bill Richey was selected by chapter members as the voting delegate for the Canyon chapter. Kyle Powers will serve as the alternate delegate.

Advanced degrees, scholarships and awards to outstanding members of the organization will be made at the convention. A state president will be elected at the convention along with the selection of voting delegates to represent Texas at the National Convention in Kansas City, Kansas this fall. A top talent team for the state will also be selected and a state sweetheart will be elected from the ten candidates that have been nominated by different areas of the state.

### Elder Oberst Is Injured In Mishap

Elmer Oberst Sr., 82 years old, suffered chest injuries in an automobile accident about 8 o'clock Tuesday night 1 1/2 miles east of Dawn on US Highway 60.

Oberst is a long-time resident of Canyon.

He was hurt when his car smashed into the rear of a fertilizer trailer, according to investigating highway patrolmen.

The trailer was being towed behind a pickup driven by Herbert McCabe, 66, Dawn, according to officers. McCabe was making a right turn off the highway at the time of the accident, patrolmen reported.

Oberst was rushed to Nehrett Hospital where he was treated for chest injuries, cuts and bruises. McCabe was not hurt. Oberst's condition was described as satisfactory Wednesday morning.

Members of the Canyon Babe Ruth All Star baseball team are from left in the front row, Gary Winters, David Hodges (Happy), Larry Pitt, Ricky Butler, David Rossi, Scott Downing and Phil Huckaba. In the back row are Roy Forehand (coach), Randy Cook, Gary Culp (Happy), James Evand, Joe Moore, Dennis Haley, Tom Lair, Bruce Winn, Gary McAtee and Earl Byrley (coach).

### Canyon Man Fined In City Court

Roger McWaters was fined \$100 and court costs Tuesday of this week on a charge of driving while intoxicated.

McWaters, 25 years old, Canyon, also was assessed a 5-day jail sentence. Sentence was pronounced by County Judge Wayland Angel.

Mr. and Mrs. Wilford Taylor, Jr. visited in Houston recently with their daughter and family, Mr. and Mrs. Buddy Kastrop.

Guests in the Taylor home recently have included her brother, Bob Pinckert and sons, Mike and Ovid, of Durango, Colorado.

# Ed Money Nation's Top Barbed Wire Fence Man

By Jim Thomas

Ed Money is a man with a yen to build fences.

He has put up more than 4500 miles of fence in the Southwest during the last 22 years.

"I know I can prove that much, but I don't really know just how much more fence I've actually built," he says.

One of the longest single fence jobs in the world was the barb wire enclosure put up around the XIT Ranch along the New Mexico-Texas border. This fence went down the state border, turned east and then north and finally west again to the border, covering some 500 or more miles of prairie and canyon. Money has built more than 8 times the length of this

one fence job.

Working two crews, he is often on the job from several weeks to as much as 33 months on a fence job. He isn't a slow fence builder. Some of the jobs require a lot of fencing.

"I started in this business accidentally. I would dig post holes for people—just the holes. Then I got to constructing fences and they supplied the material.

"Now I build the whole thing if they want. All they do is show me where they want it and I go build it. I've worked as high as 33 months on one job. That was the H. R. Fulton Ranch, a part of the

Matador Ranch.

"Fulton had some 200 sections in there, including the river Pasture and the East and West Pastures. We fenced and cross fenced them.

"I've never been out of a job. It seems like there was always as much work as I could do and then some. I used to work three crews but now I've cut it down to two. My son and I do the work now. He takes the smaller jobs around the area and I stay with the large ones in a three state area. That includes New Mexico, Oklahoma and Texas.

"We usually work anywhere from 4 to 6 men in a crew and we usually stay at a camp house on the Ranch where we are building fence. We stay there until we get through. I fence mostly the big ranches.

"Nowadays, nobody wants to fence light. Most of the fences I work are 5 strand and I usually tie my fences with wire or cedar stays. The ranchers want to keep the antelope from tearing up the fences. If you don't tie the fences down, the antelope will just run under and pop out the staples. I've only seen one antelope jump over a fence, and only then because we were right behind him with a truck. During all my fencing years on the ranches, the antelope I've seen go under the fences to cross over.

"It used to be the practice to use very large pastures and it took all the cowboys in the world to work it. The Alamo-citos Pasture on the Old Matador Ranch covered 409 sections.

"It took a wagon and 20 to 25 cowboys six weeks to work it. They only did it twice a year. Now they cut the pastures up into smaller parts of only 15 to 20 sections. "You used to be able to ride all day horseback before you had to open a gate. Now you have to open the gate every few miles.

"When I first started fencing, I used lots of that old wire like the ribbon wire and spur wire they made in the late 1800s. I used to find it spliced into the fences. There

isn't much of it left anymore.

"There's quite a history on that wire. Several outfits used to make it but now only a few do.

Up on the Old Matador Ranch there are still some of the old stage coach buildings at Tory right up against the river. "You can still see the old buildings and in places, the old stage trail from Tascosa to Santa Fe still shows up if you know where to look and what to look for.

"There isn't much to fencing except a lot of hard work. It is interesting work and the people come and go. I've worked thousands of men fencing. Most people don't like fencing but it is a good job if you know what you are doing. A good hand can tie down 8 or 10 posts while a new man on the job is doing one.

"Some of the work isn't on level land. Up in the Canadian breaks you have to go up and down more than on the level. That's why I drive nothing but 4-wheel drive trucks.

"I once had a boy drive a tractor off a cliff about a hundred feet high. It didn't kill the boy, though he broke his shoulder and an arm. He still works for me. It sure tore the tractor up though.

"We fence into New Mexico as far as Santa Rosa and as far south in Texas as Midland. I build fences, corrals, dipping vats and scales—anything to set a ranch up. We do it all.

"J. Ringfield, of Happy, and I made a post hole digger years ago. This machine I'm running now is the second one we built and as far as I know, the second such post hole digger in the country. I made all the auger bits I started out with. There are some companies that make machines almost like it but not too closely.

"Several years ago, I made a wire roller that can roll up 1/2 mile in about 4 minutes. You don't want to get in the way of that one. I've rolled up 4 rolls of ribbon wire on the Walter Damron place, a part of the old XIT hay pasture. That wire was made in the 1880s. "I once killed a diamond-

Ed Money stretches his arm across one of the largest cedar corner fence posts in Texas. He put the huge posts in with 3 miles of five strand barb wire fence on the John and Hugh Curry Ranch east of Canyon on the Claude Road. The posts

measure some 30 inches across the top which is the small end. "John said when we put that in that he was going to have the best fence in the country," Money said.

of people have heard of him. He died in 1924. He married Elsie Kilgore from Tennessee. When they came here, she was the first music teacher in Canyon.

## Hilltop Views

With the hope that at least a few of our many "new-comers" to Canyon will read this column to-day, I am going to write about the community to which they have come. Inasmuch as I have been here since June 10, 1910 and have been measurably identified with the town's development I hope I may be able to say something that will be advantageous to all concerned.

The census of 1910 (the year West Texas State was opened) shows that at that time Canyon had a population of 1400. There was no all-night electric service, no pavement, very few screened houses, almost no bathrooms, no brick churches, a very elementary telephone service, a public school plant that cost less than \$20,000, only seven automobiles and no filling-stations.

It is not to be supposed, however, that the town was without assets and attractions. The new court-house ranked among the top such structures within a radius of 200 miles. The First National Bank building (the present Stevenson Building) would have graced any city square in Northwest Texas. Except Amarillo and El Paso no other community west of Ft. Worth had better railroad facilities. The Canyon baseball club was near professional in quality and was widely known and feared by other teams.

The spirit of the town was youthful, energetic, and ambitious. This is clearly indicated by the fact that she had just recently outdistanced 27 other communities in West Texas, including Amarillo, in the race for the location of West Texas State. In doing this one hundred fifty individuals and firms had contributed to the State of Texas \$100,100 plus 40 acres of land.

The college was opened Sept. 20, 1910 which was the driest year between the opening of the Amarillo weather station in 1892 and 1956. In the first decade of the school's life there were only 3 years that had normal rainfall. During that same decade the college's only building was completely destroyed by fire (March 25, 1914) and the institution functioned in two board shacks for two years. In 1916 the present administra-

tion building was occupied, second in size to the state Capitol only among public buildings in this state and second to none in substantiality of construction.

Prospects for the town and college brightened, but our entry into World War I in 1917 struck another blow. Half the students left the campus and the drought was still hammering at the community's economy. Many farmers had left the country and the 1920 census showed feeble growth. But in 1919 the worm began to turn. Between that year and 1929 the average rainfall was above normal. In 1923 it reached an all time high of 39.75 inches and in 1928 32.34 inches. Not until 1924 did Canyon have pavement. During 1923 traffic around the square was held to low gear. Ruts were near axle deep. This condition resulted in the beginning of the present paving system. About 1927 Randall County voted overwhelmingly for bonds with which to pave the road to Amarillo.

In the meantime West Texas State had become a fully accredited senior college, the curriculum had been broadened, the faculty greatly enlarged and strengthened in scholarship, the student-body doubled in size, the Historical Society had been organized and a campaign for a museum building had been begun, much museum material had been collected, the college had been admitted to the Texas Intercollegiate Athletic Association in which it was winning state championships in basketball almost every year, the first unit of Cousins Hall had been built (1920) which was the first dormitory ever erected on a Teachers College campus in Texas, the original Randall Hall had been purchased and improved, a gymnasium for men (Burton Gym) had been erected through private contributions by faculty and townspeople, extension and correspondence work had been inaugurated, the Education Building erected at a cost of \$300,000 in 1927-28, a health service established, the campus enlarged by 30 acres on the north side, and the T-Anchor head-quarters with its 200 acres, to which the dairy and its equipment were moved, was purchased in 1927.

## FROM THE CANYON RIM

Football already is in the air here at Canyon. For that matter, when isn't it?

Bob Wilkinson predicts that Hoot Gibson is going to quarterback an unorthodox brand of football that will fill Buffalo Stadium this fall.

Attendance has a lot of things working for it this fall. Not the least is the fact that we'll be playing some fine teams. The Buffs have an outstanding season behind them for 1962 and a lot of people will be wanting to see them in action.

Frank Godsoe is back in Amarillo and you can bet he will be pushing the Buffs. Frank is one of the country's better sports writers and will do a lot for area sports, including West Texas State football.

Canyon has a great Boy Scout program and a fine summer

baseball program for boys.

What is being done for the little girls?

Canyon's little girls almost didn't have a day camp this year because of difficulty in finding a place to hold it. Day camp is one of the most important projects of the Girl Scouting program.

The college administration saved the day by allowing the day camp to be held on college grounds. More than 100 girls attended. It certainly was a high point of the year for the little lady at our house. We'll bet it was just as important to others.

Mrs. Charles R. Nester takes the lead in Girl Scouting in this community. She and her assistants do a fine job. Canyon is in their debt.

We wish some civic club

would take over the responsibility, at least, for providing a place for Girl Scout Day Camp each year and take that worry off Mrs. Nester's mind.

One of the outstanding Boy Scout programs in the nation is right here in Canyon. Representative of the adult leadership here are Bud Parker, Meredith Warren, Oscar Hinger and a long list of others.

Canyon can throw out its chest about its Boy Scout program. Of 500 boys representing the United States at the World Scout Jamboree in Greece this summer, six are from Canyon. That is more than 1 percent of the American delegation.

Avrell Harriman has gone to Moscow. There is concern among some news media over the prospects of a deal with Krushchev.

American missions to Moscow have never brought home anything but more trouble. We ask anyone to point to one concrete major concession we have won from the Reds without force of arms.

Now is the wrong time to talk to the Soviets just as 1933 was the wrong time to re-

cognize Gangster Stalin as the legal ruler of Russia.

Roosevelt's famous statement about Pearl Harbor as "A date that shall live in infamy" might better be applied to November 16, 1933 when, against the advice of most American governments, the Roosevelt administration recognized the Georgian Butcher as the rightful ruler of the Russians.

Communism was tottering on the brink at the time and might have died a natural death had it not been for this shot in the arm.

Communism has its problems abroad at the present time. There is a new turbulence in Eastern Europe. There is a schism in the Sino-Russian camp that will not be quieted.

Communism is not able even to feed its people any place on the face of the globe. There is every indication that a palace struggle is going on in the Kremlin at the present time. If there ever is a time to negotiate with the Reds--which we doubt--it most certainly is not now. To treat with Krushchev will only serve to strengthen his palsied hand. Wont' we ever learn?

## Official Proclamation

By  
Wayland C. Angel, County Judge  
Randall County  
Canyon, Texas

WHEREAS all the citizens of Randall county are concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities; and

WHEREAS farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year; and WHEREAS farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state, and nation; and

WHEREAS the President of the United States and the Governor of Texas have designated the period of July 21-27, 1963, as FARM SAFETY WEEK; and

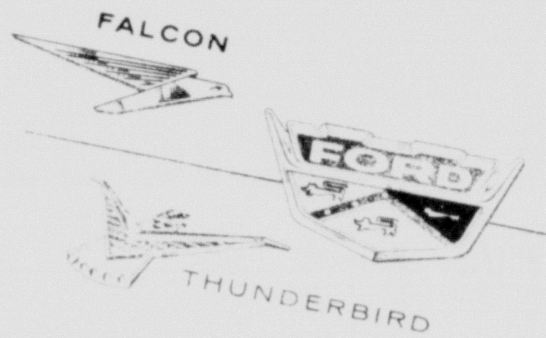

WHEREAS throughout this special week, a statewide farm accident prevention and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association, and the Randall County Farm Bureau with the theme "Inspection plus Correction Equals Protection"; and

WHEREAS records show a notable and steady decline in the number and rate of accidents among farm people as a direct result of such worthwhile safety education program;

NOW, THEREFORE, I, Wayland C. Angel, County Judge of Randall County, do hereby designate the week of July 21-27, 1963, as FARM SAFETY WEEK and urge all farm families, persons, and organizations allied with agriculture to engage in a purposeful concerted effort to reduce further the number of farm, home, and highway accidents.

IN OFFICIAL RECOGNITION THEREOF, I hereby affix my signature this 15th day of July, 1963.

Dear Folks:

Sometimes it's harder to say "Thank You" than any other words in the world because sometimes the thing for which thanks is said simply will not be contained in words.

With great regret and for reasons of health we have sold our Bruce Blackaby Ford Company to Jess Ford Company.

We have prized you highly both as customers and friends. Your loyal support helped us to win many awards offered by the Ford Motor Company sales division, including a wonderful trip to Rome last year which we shall never forget.

In ending our association of several years with The Ford Motor Company, in which time we placed our confidence in the company and its fine products, you our friends and customers these years have shown by your loyal patronage that you shared this confidence with us. We sincerely thank you for making our association a pleasant one.

We trust that Jess Ford Company will continue our policy of complete customer satisfaction, and we hope that you will continue your patronage with him and The Ford Motor Company.

We simply shall say again, thank you for the wonderful years.

REV. W. E. ECKHARDT

## Rites Held For Infant

Susan Renee Cauthreaux, baby daughter of Staff Sgt. and Mrs. Robert P. Cauthreaux of El Paso, died last Wednesday at the William Beaumont Hospital in El Paso.

She was born February 6, 1963 in El Paso. Her parents have lived in El Paso six years.

Graveside rites were conducted at Wayside Cemetery last Saturday afternoon with Rev. Earl R. Landtroop, Baptist pastor from Clovis, New Mexico, officiating. Burial was under direction of LaGrone Funeral Home.

Survivors include her parents and a sister, Patricia Nan, of the home. She was the granddaughter of Mr. and Mrs. H. H. Shipman of Happy and Mrs. Lucille Moore of Vera, Texas. Mr. and Mrs. G. E. Wesley of Happy were her great grandparents.

## New Pastor Installed By Lutheran Church

Rev. W. E. Eckhardt of Storden, Minnesota was installed as the new pastor of the St. Paul Lutheran Church in Canyon at installation ceremonies held in Canyon Sunday, July 7.

Rev. Eckhardt is a graduate of Concordia Senior College in Fort Wayne, Indiana and Concordia Theological Seminary in St. Louis, Missouri. He was ordained to the Lutheran ministry in St. Paul, Minnesota on June 23, 1963.

The new pastor will also serve Christ Lutheran Church in Tulsa.

Rev. and Mrs. Eckhardt are the parents of an 18 month old daughter, Elizabeth, Mrs.

Eckhardt was reared at Los Alamos, New Mexico and is a graduate of Lindenwood College in St. Charles, Missouri. The family lives in the newly remodeled parsonage at 405 N. Donley in Tulsa.

## R. L. Hall's Father Dies

F. E. Hall of Bellingham, Minnesota died Monday of this week.

He is the father of R. L. "Bob" Hall of Canyon. He died about 6 o'clock Monday morning. He had been suffering a heart condition for some time. He was 85 years old.

Funeral services were expected to be held Wednesday or Thursday.

Bob Hall is employed by the US post office here. The Halls left for Minnesota Monday.

STEPHEN K. GREINER

## Greiner Completes Training

Marine Private First Class Stephen K. Greiner, son of Mr. and Mrs. Hugh T. Greiner of 110 North 28th Street in Canyon, has completed four weeks of individual combat training July 3 at Camp Pendleton, California.

The training, conducted by the Second Infantry Training Regiment, covers the basic field and combat skills required of Marines. Private Greiner has been learning to take his place in small fighting units, such as the four man fire team and the 14 man squad.

## City News Briefly Told

Fishing at Lake J. B. Thomas, near Snyder, recently were Mr. and Mrs. Bryan McDonald and their children and grandchildren. The group had good luck catching white bass and crappie during the week end outing.

Those who enjoyed the outing were Mr. and Mrs. Charles McDonald and children, Mary Gail, Charles and Monroe. Mr. and Mrs. J. B. Thompson and children, James, Judy and Susan, all of Canyon, and Mr. and Mrs. Dick McDonald and children, Melvina, Dixie and Bryan of Beeville.

The Dick McDonald family is spending the summer in Canyon where he is working on his Masters Degree at West Texas State University.

## Opportunity Plan Club Is Active This Summer

Student participants in the Opportunity Plan Inc., at West Texas University, have become active this summer in the Opportunity Plan Club, according to Buff Morris, head of the student loan program at WTU. "Although the club itself was formed some two years ago, it only recently became active," Morris said. The club has held four meetings this summer with the latest one Wednesday night in the Student Union Building at WTU.

Objectives of the club are to conduct an educational program among the Opportunity Plan participants and contributors and to promote social functions among the club members. The club members are striving to keep informed on the principles and ideals of the Opportunity Plan.

One of the main aims of the club is to promote the Opportunity Plan by acting as hosts when its directors meet and by going out on speaking engagements to plug the objectives of the student loan program, Morris said.

"When someone contributes to the Opportunity Plan, the club

members have offered to personally visit the contributor with a word of thanks and a receipt for his contribution.

"Another objective of the club is to maintain a file of current mailing addresses of all former students that have been on the Opportunity Plan.

"They also hope to start a little news sheet to mail out to the members," Morris said.

At the club's most recent meeting, the members voted to be host for the visiting 20th Century Cotillions, a women's service club from Pampa. The club will visit the West Texas University campus in October to get an insight of what the university is like and to see how the Opportunity Plan operates.

The Cotillions held an antique show and sale in Pampa last April, contributing all the profits from the tickets sales to the show to the Opportunity Plan. They gave some \$500 to the loan fund.

Board members for the Opportunity Plan Club are Mr. and Mrs. Johnny Cunningham of Amarillo.

President of the club is Billy Herron, a sophomore student from Sweetwater, Texas. Vice-president is Jack Newton, a junior student from Canadian. Lapaola Howell is treasurer. She is a junior student from Muleshoe. Tommy Lou Johnson is

Secretary and a sophomore student from Quitaque. Jackie Miller, a sophomore student from Houston, is reporter for the club.

# Hernandez Rites At St. Ann's

Rosalio N. Hernandez, 82, died last Friday in Nebbett Hospital in Canyon.

Mr. Hernandez had been a resident of Canyon since 1940 when the family moved here from Amarillo.

He was born in August of 1880 in Mexico. Mr. Hernandez was a retired railroad worker with the Santa Fe Railroad Company. He was a member of St. Ann's

Catholic Church of Canyon.

Mass was held at 6 p.m. on July 12. Rosary services were held Sunday evening at La Grone Funeral Chapel.

The requiem mass was given Monday morning at St. Ann's Catholic Church in Canyon. Rev. Father George H. Sallaway officiated.

Burial was in Dreamland Cemetery under direction of LaGrone Funeral Home.

Serving as pallbearers were Aniceto Hernandez, Mauro Hernandez, Roberto Hernandez, Juan Hernandez, Ricardo Hernandez, and Jermain Acosta.

Survivors include his wife, Maria, of Canyon; four sons, Mauro, Aniceto, Juan and Roberto, all of Canyon; three daughters, Adelaida, Crisanta and Mrs. Antonio Acosta, all of Canyon; and 13 grandchildren.

Attending the funeral were Jose Martinez and Francisco Martinez, brothers of Mrs. Rosalio N. Hernandez, from Detroit, Michigan.

# Guard Duty Hot Asserts Blackaby

Pat Blackaby, freshly returned from the two week National Guard summer camp at Ft. Hood, near Waco, Texas, is glad to be back in cool Canyon. "It was hot there," he said.

Pat had two weeks of training including classes and field use on such military subjects as the use of the machine gun and advanced infantry training.

As a member of Company C of the 142 Infantry of the 36th Division of the National Guard, Pat got to fire machine guns, flame throwers and even got in some practice with hand grenades. Pat said the flame thrower was hot too.

After a week of classes, Pat and his National Guard buddies spent a week in the field, including a 24 hour war game. "We were the defense and I think we came out ahead," he said.

# CANYON BUSINESS REVIEW and BUYER'S GUIDE

Happy McAtee and Jerry Warwick of the McAtee and Warwick Garage in Canyon offer the best in automotive and truck repair and tuneup service.

The partners have been together in the automotive repair business since 1945 when Happy took Jerry on fresh out of the Army as an apprentice mechanic. They became partners in 1948.

The garage is a combination repair shop for all makes of cars and trucks and a supply house for all kinds of automotive and truck parts. "What we don't have on hand, we can get in a matter of a few hours," Happy says.

Happy came to Canyon in 1935 and Jerry came in 1937 from Iowa.

"We do everything in automotive repair, although I specialize in complete tuneups and Jerry specializes in complete brake service, including drum turning," Happy says. Jerry is also a trained expert in the service and repair of automotive air conditioning.

General repair work and over haul for the garage is done by Calvin Floyd. "He does everything," Happy says.

The garage also does a lot of truck service and repair work.

# HUNTING , FISHING AND CONSERVATION

## Prairie Wildlife

And did it rain! The rains Saturday night fell in a short time and set all the creeks to flowing, especially the one in Palo Duro Canyon.

As is usual when the creeks and lakes overflow, all the pools in the creeks fill up with all sorts of good fish. And we caught our share.

Using the old stink bait again, Lonnie Peters and Prairie Wildlife fished all day Sunday from about 10 in the morning until about 6 in the evening. Until 4 pm we were just going through the motions, but along about 4, the fishing improved and we each caught our

limit of 15 channel cats, which is what we were after. Fish that we kept ranged from 3/4 pound on up to better than 4 pounds.

In addition to the ones we kept, we threw back several dozen channel cats that didn't go 3/4 pounds. Good eating!

Since this writer was new at the channel catfish game, it took awhile to learn a successful rigging to catch the scrappy finsters. A spinning rod and reel with a ten pound test monofilament line put some sport in the contest. A one ounce lead sinker on the very end of the line and a single or

treble hook, looped directly onto the main line about 14 inches above the sinker and the rig was ready for action.

Fishing in the deeper waters at the edge of the swollen rapids and waterfalls in the upper part of Palo Duro Canyon, the line was baited with really stinky stink bait and gently (the stink bait would come off) dropped into the pool at the edges of the fast current, preferably where there was an eddy. As soon as the sinker came to rest on the bottom, the slack was taken from the line, just short of dragging the sinker.

Since the channels have such a soft strike, if that is an accurate term for their bite, the only way we found to tell when they were taking the bait was when they dragged the bait and sinker a little, releasing the tension on the line. When the line went slack, the pole was given a good jerk and more often than not, the battle was on. The bigger the bait that would stay on, the bigger the catfish.

As is usual in a big fish story, the largest fish JUST got away. By inches. He was played for about 15 minutes, after bending the pole double, and was nearly within reaching distance---when the ten pound test monofilament line broke, hook, line, sinker and catfish.

Although the rain brought the lakes and pools in the canyon up and overflowing, Buffalo Lake was without any rain to speak of. The lake, however, is pretty well holding its own.

Reports from Buffalo Lake show that dedicated fishermen are still catching the channel cats and bass there, but for some reason, the fishing has slowed down. Could be the heat. The wildlife people have also installed new rest room facilities at the lake.

Randall County Sportsman's Club is still going to have a fishorama and fish fry Sunday afternoon and night at Buffalo Lake. That will be July 28. All area sportsmen are invited to attend. The only requirement is a club membership and a desire to eat good fried catfish and hushpuppies. Plan to fish all afternoon and then come in to the picnic area on the east shore near the dam as the sun goes down. The boys plan to start cooking sometime after 6:30 pm.

The sheep hunt in the Canyons is a reality now. The last meeting of the Texas Game and Fish Commission in Austin, (they are to be merged with the parks board at the end of the month), set the dates for the hunt at December 13 through December 15, inclusive, one sheep per hunter by special permit only. Less than 50

permits will be given. The commission will give the permits to the landowners for distribution.

The game biologists are finding that mule deer and Barbary sheep transplants in the Panhandle canyons are doing well. Mule deer seem to be spreading further east in the Canadian breaks, north of Amarillo, reports indicating that brush along the river is getting heavier.

Paleontologists have long known that the Texas Panhandle, indeed, the entire High Plains, once was haven to unlimited herds of prehistoric and historic animals. The controlling factor is the average rainfall over a fifty or hundred year period.

It has been said with some accuracy, that if the annual rainfall in the Texas Panhandle would increase just two inches a year, many plants and animals would return to live here.

Doubtful as it may seem, research on plant and animal fossils shows that the High Plains was once an open forest with tall pines, firs and even spruce to the west. Herds of giant buffalo, larger than the tallest cow today, roamed these open woods with many types of meat eating predators living off the abundant wildlife. The High Plains once had native wild horses that were here thousands of years before the first European.

A hundred years drought forced almost all the plants and animals to either leave the High Plains for a moister climate, to adapt to the dryness or die. Most of the plants and animals died.

Prairie Wildlife gets a weekly letter from Burson Lakes Resort with a report of fishing in that area. Judging by the pictures that usually accompany the report, the fishing, especially for black bass, should be good at the lake. The blacks are going around two and one half pounds pretty regularly at the lake.

Dusty Taylor, manager of the lake, says a Mr. A. C. Doff of Midland brought in a nice 5 1/2 pound black this week on a jitterbug. Doff also had a nice string of blacks that went as high as 3 1/2 pounds. The crappie fishing is also reported good at Burson Lake. The lake is deep and clear and offers fair swimming for the kiddoes. It is located between Clarendon and Turkey. Let us know how you do.

Mr. and Mrs. Bob Olson and sons, Sammy, Burns, Cruise, Clyde and Courtney, attended a family reunion at Lake Atitus recently.

Jim Thomas holds up two strings of channel catfish that he and Lonnie Peters caught in the upper end of Palo Duro Canyon. The cats weighed from 3/4 pound each to above 4 pounds. Stink bait was the drawing card for these fish.

## AROUND THE TOWN (With Kids)

Mike, Dean and Leslie Daniel, from Detroit, Michigan have been visiting Larry Daniel. They've been to their grandfather's riding horses and building models and playing baseball and just about everything. Larry stayed in Colorado with them and hiked.

I've been writing my column for a while now. I've been having a lot of fun writing it too. I hope I can do a better job next year and keep on getting better.

Phil Swartzell has been a few places with his family in the last few days. First they went to their grandmother's and grandfather's to pick up their little sister, Karla. Then they went to San Antonio and spent the night. They went next

to Austin and drove around. Then they drove to Galveston and Houston after that. Then they went to Six Flags Over Texas. Then they went home.

Danny, Leigh Ann and Kathy Briggs have been to Wellington while their father was at National Guard Camp. They were there for two weeks and did a variety of things like swim and a lot of others.

RIDDLE  
Why is "farewell" like a good bargain?

Answer to last week's riddle: When it's an acre (acher).

## 20 MULE TEAM® BINDWEED KILLERS

### NEW LIQUID TRITAC-D®

Is your lowest cost weed killer for noxious perennial weeds such as: field bindweed, Canada thistle, leafy spurge, bur ragweed, Russian knapweed, etc. Why? Because only 4 to 8 gallons will effectively treat an entire acre of non-cropped land. TRITAC-D contains the added weed killing ingredient 2, 4-D, thus offering you triple killing action: 1. effective deep-root destruction, 2. quick foliage top kill, 3. prevents seeds from developing. TRITAC-D is nonselective, yet safe to handle for easy spray application. Available in 1, 5 and 30 gallon containers.

### DRY GRANULAR BENZABOR®

Is the most effective, nonselective weed killer to use where spray equipment or water are not available. Or where accuracy of rate of application is essential on small scattered patches of these same noxious weeds. Reason: You apply BENZABOR in its dry granular form—straight from sack to soil. The handy PCB Spreader lets you treat up to 1/4 of an acre of non-cropped land in 10 minutes. It also controls a wide range of woody vines and shrubs. And it is non-poisonous, noncorrosive and nonflammable when used as directed.
